Description

In Packaging?: Yes

Damaged?: Unknown

Brand: BODYWAKER

Color: Black

Multi-functional Workout Bench: This roman chair exercise equipment incorporates a two-in-one design, switch freely between roman chair and weight bench, allowing for over 20 whole-body exercises with ease. Use the hyperextension roman chair to sculpt your upper body with preacher curls & dumbbell rows, your core with crunches & side bends, and your lower body with Bulgarian split squats & lateral bench hops. **Stable Triangular Structural:** BodyWaker weight bench was developed by professional powerlifters and features a unique triangular structure. Made of commercial-grade heavy-duty steel and has been rigorously tested with thousands of weight trials, this weight bench has a maximum weight capacity of 330LBS, ensuring safety for every

kinds of workout. Versatile Adjustable Roman Chair: The Roman chair hyperextension bench is equipped with 10 levels of height adjustment, 2 levels of incline adjustment, and adjustable leg hooks, accommodating users of different heights for a more personalized and comfortable training experience. Comfortable & Ergonomic Design: This home gym bench press is wrapped in soft, waterproof PU leather and filled with dense foam padding. The comfortable high-density foam pad and seat securely support your body, reducing muscle fatigue during workouts, making it ideal for various exercises. Easy to Fold and Store: Designed with a handy folding feature and equipped with a carrying strap in the middle, this the Sculpt Trainer can be easily stored and moved even in homes with limited space, significantly saving room.
